BREAKFAST BASICS

Classic Golden Waffles

Crisp outside, fluffy inside. Learn the one technique that makes the difference — folding in whipped egg whites.

PREP	COOK	MAKES	LEVEL
15 min	20 min	6 waffles	Beginner

Learning objectives

- Mix a batter without overworking the gluten
- Whip and fold egg whites for a lighter crumb
- Judge doneness by steam, not by timer

Ingredients

DRY

- [ ] **2 cups** all-purpose flour
- [ ] **2 tbsp** granulated sugar
- [ ] **1 tbsp** baking powder
- [ ] **½ tsp** fine salt

WET

- [ ] **1¾ cups** whole milk, room temp
- [ ] **2 large** eggs, separated
- [ ] **½ cup** unsalted butter, melted
- [ ] **1 tsp** vanilla extract

Method

01 **Preheat the iron**
Heat your waffle iron to medium-high and lightly brush with butter or oil.

02 **Combine the dry ingredients**
Whisk flour, sugar, baking powder and salt in a large bowl.

03 **Mix the wet ingredients**
In a second bowl, whisk milk, egg yolks, melted butter and vanilla until smooth.

04

Bring them together

Pour wet into dry and stir just until combined. A few lumps are fine — overmixing makes waffles tough.

05

Whip and fold the whites

Beat egg whites to soft peaks, then gently fold into the batter in two additions.

06

Cook until golden

Ladle about ½ cup batter into the iron, close, and cook 3–5 minutes — when the steam stops, it's ready. Serve immediately.

KNOWLEDGE CHECK

Keep them crisp: hold finished waffles on a wire rack in a 200°F (95°C) oven — never stacked on a plate, where steam turns them soft.
